The Best Pianos Made Can Be Had At This Sale If You Can Get Here Before They Are Gone—We Advise An Early Call or Somebody Will Get the Piano You Have Wanted So Long.

Open Until Eight O'clock 314 South Main Street

You can count yourself lucky if you have bought a piano or organ from us since our great money-saving "Quit Business" sale started Monday. If you have not attended this sale, and will come at once, you will find the greatest bargains awaiting you. Many people who have bought from us since the sale began have asked us, "How can you afford to sell good, reliable pianos, of such well known makes, at such low prices and on easy terms?" The answer is easy: We are positively going out of the piano business, and are selling this stock of over 100 instruments at cost, and in many instances far below cost.

We are quitting business, and we can hardly expect to get first cost of the goods. Of course, we don't expect any profit. If we wanted a profit, we would sell off these instruments in the regular retail way, at regular prices, and be plugging away at it for at least a year. But we are quitting business now. We are done, and we must dispose of this stock inside of another week. And we propose to make the cut prices accomplish that result.

If you act promptly, you can secure a high-grade piano here at a price even less than the cheap shoddy kind would cost you at any other time or place.

But you must hurry up. Time getting precious. The pianos are going fast. You can pay on terms to suit.

It matters not where you live, if you will answer this advertisement, we give you the exact same opportunity that we give to the people of Anderson. All we want to know is that our dealing is with honest people, who mean business, and will treat us fairly as we agree to treat them.

We will extend to you very convenient payment terms without any advance in price.

A home without a piano is like a home without windows—dark and dreary. Musical homes are the happy homes. Make your home happy and bright with music while you have the opportunity to do so at such small cost. In all of our 50 years experience in business, we have never known the best makes of pianos to be sold at cut-in-two prices before, and on such easy payments.

If it were possible to make pianos any better than the pianos we are closing out at our "Quit Business Sale," you can rest assured that we would have added them to our list long ago.

Some of the finest bargains left for the last two days of this week.

CAMPBELL BROTHERS FORM RELAY TEAM

FOUR ANDERSON BOYS FORM
FAST AGGREGATION IN
CHICAGO

ALL HOLD RECORDS

Except Youngest Member Who is
Fast and Training For
Championship Races.

Four brothers composing one relay team is the record being set by the Campbell brothers of Chicago. These boys are all old Anderson lads, having each a good record in track athletics. All of these boys have lived in Anderson at different times in their lives, probably the best known being Tom, the youngest. Tom was night clerk at Hotel Chiquila until he went to Chicago to stay with his other brothers. All are engaged in university work in Chicago and are doing fine.

A Chicago paper says of them: Probably the only relay team of championship caliber composed of members of the same family is now located in Chicago. The members of the team are Roy Campbell and his brothers, Rowland, Spurgeon and Tom.

It is the opinion of the Campbell brothers that they are capable of beating any other relay team in the mile and two-mile distances of any club, family or athletic organization in the country, including a majority of the largest universities. They are open for bids at any time.

Roy is the Star.
First and foremost of these speed demons is Roy, who needs no introduction. He holds the western intercollegiate record in the half mile, the time being 1:53 3-5, just one second slower than the world's record for that distance. He was formerly captain of the Maroon track team.

Rowland Campbell is the second of university high school. According to Roy, Rowland is now capable of doing about 1:55 in the middle distance event. He is built along the same lines as Roy—tall and rangy and is a good type of the long distance man.

Spurgeon Campbell, according to Roy, has distinct ability in the distance runs. In 1913 he finished second to Spink of "High in Stags" inter-scholastic and is a "hummer."

Tom is the youngest, being but 16 years old, but no slower than his older brothers. In practice he has even shown his brothers up upon several occasions. When the four boys were living on their southern plantation near Charleston, S. C., their mother gathered them around her and told stories to them of how she could run and the ability of her sister along that line. They listened to her tale of athletic prowess until they believed that they were all destined to become great runners.

Roy, the greatest of the four is now training in preparation for a special invitation 1,000 yard race to be held at Madison Square Garden, New York in November. He will buck up against the crack runners of the country, including Meredith, Caldwell, Higgins, Klavlat, Baker and others. A new world record is expected to go by the board.

How to Work.
The following advice on their methods of training were laid down by Roy:

"In general, everyone must learn to know his own individuality how hard he can train in preparation for a race and what activities will agree with him. Boys should run very lightly until they are 18 or 19 years old. Good all-around exercise is best, and when running always wear a regulation track suit and spiked shoes."

Mature runners ought to have grueling work every day. Roy Campbell is the first man in the west to undertake morning and afternoon training. He thinks certain runners in certain stages of development should do practice distances greater than their races; still in the main, he believes that a man should decide how fast he wishes to run his race and practice at a distance short enough to allow him to keep the pace.

He would have the runner run this pace frequently until he can cover the entire distance at a terrific pace. It is a fallacy to think a man cannot condition himself by running short distances at terrific speed if run frequently enough.

Minister Gives Testimony.
The Rev. C. M. Lughton, Evansville, Ind., writes: "For three months I suffered intense pain in kidneys and back, which at times laid me up entirely. I read of Foley Kidney Pills and after trying various remedies without result I decided to try the Foley treatment. I was relieved almost with the first dose and it is a fact that I used only 12-13 bottles when all of the pains disappeared. I am 65 years of age and now feel like a young man again. Sold everywhere."

No—Then you are not interested in my welfare?
The—Nor, but if the two syllables were transposed I'd not only be interested, but enthusiastic.—Boston Transcript

Chronic Constipation.
"About two years ago when I began using Chamberlain's Tablets, I had been suffering for some time with stomach trouble and chronic constipation. My condition improved rapidly through the use of these tablets. Since taking four or five bottles of them my health has been fine. I am, writes Mrs. John Newton, Irvine, N. Y. For sale by all dealers."

ROCKY RIVER DRAINAGE WORK TO START SOON

COMMISSION HAS COMPLETED ALL PRELIMINARY
ARRANGEMENTS

TO LET CONTRACT

Sale of Bonds and Closing Contract Only Details Necessary Before Work Begins.

Plans are now made to have the drainage work on Rocky River hurriedly finished and let the land be put into cultivation by next year if this is possible. The work has been mostly preliminary until now, but the bonds are now ready for sale and a buyer has been located, the bonds practically placed and the terms of the contract for the actual work drawn up, things look well for a speedy finish to the work.

It was stated by a member of the drainage commission that a buyer had been found for the bonds and that they had been placed. All that is necessary to close this deal is to deliver the actual bonds and the money will be forthcoming.

Mr. L. P. White of Statesville, N. C., will be in Anderson next week to sign a contract for the drainage work. He comes to Anderson most highly recommended, and his work has been very satisfactory in other places. He will be at work on the job as soon as the contract is closed. Terms of the contract have already been agreed upon and everything points now to a speedy finish of the work in hand.

J. P. MORGAN HAS APPENDIX REMOVED

Operation in No Way Connected
With Attack of Frank Holt

MAMMAL DON'T YOU
SEE YOUR CHILD IS
SICK, CONSTIPATED

Look at tongue! Move poisons
from liver and bowels at
once.

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

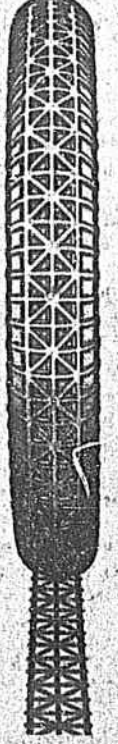

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the California Fig Syrup Co."
